## Throw Out the Life Line.

GIVE THEM HELP AND MANY POTOSI PEOPLE WILL BE HAPPIER.

"Throw out the life line"—The Kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute. Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair. Potosi testimony proves their worth. W. B. Compton, of Potosi, Mo., says: "For some time I had pains in the small of my back just over my kidneys and while the trouble was not severe, it was nevertheless very annoying. I knew my kidneys were disordered, as the secretions were unnatural and scanty. A friend finally advised me to try Doan's Kidney Pills and I procured a box at the City Drug Store. A few doses were all that was required to remove my trouble and I now feel better in every way." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

If a brick-layer should have \$6.00 for ten hours work, why should not a farmer have a like amount for the same amount of hours? The answer, as usually given, is, "because a brick-layer can only work about six months in the year, while a farmer can work every day." Let us see how this is. Then we will get out the question in another and better shape. If a brick-layer earns \$6.00 a day for ten hours a day for six months in a year, amounting to about \$180.00 a month, with no investment, why should not a farmer receive as much for twelve hours work for twelve months in the year, together with interest and cost of depreciation? There is no satisfactory answer; or if there is it has never been given.

The new Democratic County Committee also held a meeting here on the same day. Edmund Casey, was made chairman; Wm. M. Settle, secretary, and L. H. Headlee, treasurer. This committee will meet again on August 31st, to fill the vacancies in the party's executive ticket.

## School Exhibit Wins Prizes.

Through the kindness of our chairman of the County Life Department of the National Congress of Mothers, Mrs. Frank De Garmo, we were reserved space for our County Educational Exhibit at Chautauqua, Ill., Aug. 1, and the following from Washington county were prize winners:

Miss Hildegarde Schmalz, Irondale, first prize, \$1, for best hand sewing; Miss Hazel Post, 1st prize, \$1, for best drawing; Miss Lucille Arnett, Mineral Point, \$1 for best piece of hand work in the entire display; Ray Higginbotham, Fertile, first prize in woodwork, \$1 and second prize, \$1 to Jim Boyer, Racolair, and \$1 to Tim school for best flag.

All work sent was highly praised, and awarded a pin with the flower of the Pick and Shovel Club, given by the National Congress of Mothers.

This should be a great encouragement to parents, and every effort should be put forth in advancing the work by giving the teachers and County Superintendent our hearty co-operation.

Mrs. T. R. Welch had charge of the exhibit and we feel very thankful for her for the time she devoted in representing our town.

Mrs. J. T. Lee, President Parents and Teachers Union, Irondale, Mo.

A report on this display says: "The most important, Washington County, Missouri." The writer says "most important" in referring to the exhibit of Washington County, because that locality is so far removed from Chautauqua, and yet such is the progressive spirit of the parents and teachers of that county, and especially the County Superintendent of Schools, Mr. Burrall Fox, that Mrs. Welch, who lives at Irondale, came all the way to Chautauqua with a trunk full of exhibits of the handicraft of the boys and girls of that county. The American Flag, the wood carving and the darning and patching, were among the best things seen among the many beautiful exhibits. All in all, the interest showed that the Mothers' Congress was fortunate in having its State Auditor, Mrs. D. T. Rice, from that section of the State, also in having support and co-operation of Hon. Burrall Fox.

Albert Hudson, colored, aged 32, a son of the late Aaron Hudson of Potosi, was shot and killed at Herculaneum on Tuesday, August 6th, by William Ross, also colored. From a letter received by Arthur Casey of this place, a cousin of Hudson, it appears that the latter was a roomer in the home of Ross and was in arrears for two weeks rent, \$6.00. Ross met Hudson on the street and asked him for the money. Hudson told Ross to come to the house with him and he would pay him four dollars, all he had. The two men were walking along the street in a friendly way, it is reported, with Hudson a little in advance of Ross, when the latter pulled a pistol and shot Hudson in the back four or five times. Hudson died almost immediately, and Ross has been arrested. Hudson was a quiet, peaceable fellow, and his death was a cold-blooded murder.

Pay No Profits to Trusts or Middlemen

WHEN you buy shoes there's a heap of satisfaction in knowing that you are getting the full worth of your money.

You can have that confidence in "Endwell" shoes.

Most shoes cost more than they are worth, because they are made from trust-tanned leather and pass through so many middlemen, each of whom must add his profit to the cost before the shoes reach you.

"Endwell" shoes are made by Endicott, Johnson & Co. from leather produced in their own tanneries. Soft, fine upper leathers and Forest Oak or Kromelk soles—tanned for service.

Good workmanship and correct style in every pair—shoes you'll be proud of in any company—at a distinct saving in cost.

## OWNERS OF LITTLE FEET

are usually great wearers of shoe leather—it seems to go in no time. It is not only the poorness of the leather, but the numbness of the little toes that makes the soles wear out so quickly. Better have comfortable feet than lame ones, eh? Here we have the stoutest shoes for boys and girls, buttons, strap, saddle, and all other summer kinds, and the prices are very low—just too.

FISH-FRY AND—

PICNIC

—AT—

APTUS.

SATURDAY.

August 17th.

Given by the Modern Woodmen of America, Camp No. 17161.

Amusements and refreshments of all kinds.

Fine dancing platform.

Good music.

Fresh fish, fried to the queen's taste.

A big dinner at a small price.

If you want to attend a good picnic, come to Aptus August 17th.

Remember the date.

Work on the Iron Mountain railroad is pushing ahead rapidly. There is at present about six work trains running out on the west end, and about 60 men are employed, in fact every available man is working. The grade in many places is being run out, the road bed widened and other necessary improvements are being made. In the shops here a large force of men are employed that have been for years, and it is stated on good authority that the force is to be still increased. The shops are also to be modernized as soon as the fall rush is over. Fifty car loads of coal will be scattered over the yards and the buildings brightened with paint. At present there are fifteen crews running out of De Soto, something very unusual but very gratifying to the people of the State.
